Subject: Applicious Vendor

Hi Susan;

Thanks so much for your time and information today. I am writing because I am disappointed that a local home-business person can not be considered for your Applicious event as a vendor. I am a small business person trying to find venues to educate and market my product into the local area and your market would have been perfect for me. It feels very discriminatory to me that only hand-made would be considered when there are so many different types of small home businesses that support our local economy.

I recently acquired the GTA rights for a new alternative health product that would be great to exhibit and educate people about them at your venue, as we are trying to find venues to get this product off the ground and into the market place, and yours would be perfect. We have our own booth and tent for an outside set up. You can learn more about my product here: www.pureenergytoronto.com

I truly appreciate the conversation with you today and your willingness to take this to the Board for consideration. I look forward to hearing back from you.

Warm regards,

Melody Johnson
